Welcome to Elementary Mathematics

Mission Statement
The mission of the Elementary Math Department is to promote the learning of mathematics by all students through the curriculum that is coherent and comprehensive. The instructional program will enable all students to understand and use mathematics in an increasingly technological world.

Curriculum
The Grand Prairie ISD Elementary Math Department's curriculum is based upon the Texas State Standards, Texas Essential Knowledge and Skills. Our lessons are designed to support those standards.

Components of Math
The Grand Prairie ISD Elementary Math Department believes that a comprehensive math program includes the following components:

- Problem Solving (Follow link for more information)
- Academic Vocabulary
- Conceptual Development
- Numerical Fluency

*The calendar shows what unit is being taught and the pacing of that unit.

*The Unit Overviews explain what will be taught in each unit.

*The Student Resources are available for students to access for additional practice.
