

Grand Prairie ISD Optional Mobile Device Insurance Coverage - Student 2019 - 2020 School Year

Grand Prairie ISD uses Instructional Technology to prepare and inspire all students for life-long success by teaching the skills, knowledge, and behaviors students will need as responsible citizens in the global community. To increase access to those 21st century skills, GPISD offers students 24/7 accessibility to their learning. Individual technology empowers students to reach their full potential and prepares them for college and the workplace.

The Grand Prairie ISD-issued iPad is an instructional material and a required part of the classroom learning environment. Your student will receive one 9.7" iPad, Apple charger, Apple charging cord, and a Targus Protective iPad Case or Logitech Rugged Keyboard Case, for their use.
