

Lone Star STEM Academy at South Grand Prairie High School Written Communication Plan

The Lone Star STEM Academy at South Grand Prairie High School is a GPISD program of choice designed to offer students an opportunity for hands-on experiential learning in STEM while still being part of a large, comprehensive high school.

How to Know if the Lone Star STEM Academy at SGPHS is Right for Your Child:

1. Your child wants to be part of a comprehensive 6A high school while focusing his or her study in the computer science/cybersecurity field.
2. Your child wants to earn industry-based certifications for a future career in computer science or cybersecurity.
3. Your child wants to graduate from high school with at least 15 hours of college credit earned and the opportunity to work toward an associate degree, if desired.
4. Your child is looking forward to hands-on mentorship opportunities with industry professionals.
5. Your child naturally strives for excellence and high achievement.

Unique Ways Your Child Can Learn and Grow Here:

- Rigorous multidisciplinary academic plan
- Participation in both the comprehensive high school and college experiences, activities and organizations
- Cohort-style course scheduling with advisory programs and student support at both the high school and college level
