

South Grand Prairie High School

301 W. Warrior Trail ~ Grand Prairie, TX 75052

972-343-1500

2022-2023 SGPHS Security Updates

ID BADGES

- All students should have received their 1st ID badge at this time.
- All staff and students must have a GPISD badge visible at all times.
- No temporary IDs.
- Replacement IDs are \$1.00 for the 1st replacement, \$4.00 for subsequent replacements.
- Staff and students will be held accountable for ID badge compliance.

CAMPUS VISITORS

The front door on the Main campus is the only access point for visitors.

- When you arrive, ring the doorbell buzzer, and hold your picture ID up to the camera.
- If given entry access, you must enter the reception area immediately to the right upon entering the building.
- Enter the reception area, and Raptor In – the Raptor station is immediately to your right.
- You must Raptor-out when you leave campus.
- In order to ensure that we are greeting and checking in every visitor, please do not hold the door open for others who have not yet been cleared for entry to enter. This will ensure we have cleared and secured every visitor.

NEW TEXAS EDUCATION AGENCY REQUIREMENT

- The Texas Education Agency (TEA) has mandated a weekly exterior door safety audit at every campus in the state.
- What this looks like in GPISD is that every campus has a team of central office staff to conduct weekly unscheduled exterior door checks on every building on their assigned campus.
- This weekly audit is reported to the principal and also to TEA.

DOORS & ACCESS POINTS

- All classroom and exterior doors will be locked at all times, ALL DAY.
- All exterior doors for arrival and dismissal will be supervised by staff.
- Students will enter through either the front door (door #1) or lobby door (door #17) in Main Building.
- Students will enter through either door #1 or door #7 (cafeteria) in Alex Building.
- We will have designated access points for any on campus events, arrival and dismissal.
- At no time should a door be propped open without campus personnel observing that door.

Our school will be implementing enhanced safety measures this year and need our families to partner with us!

Here are four important ways that you can help:

Student ID badges always worn and visible

Report concerning behavior

Monitor your child's social media and electronic communications

Report all safety concerns

Please report all safety concerns and any concerns related to behavior to a campus administrator.
