Parking and traffic

PLEASE CONSIDER AN ALTERNATE ROUTE!

The most common route is a left turn from Cooper St. onto Nedderman Dr. The turn lane and the light at this intersection are very short and cause a lot of delays and backup on Cooper St.

Alternate 1: Left at Mitchell (one light south of Nedderman), right on Davis, and a right on Greek Row. You can turn left or right onto Nedderman.

Alternate 2: Left at UTA Blvd from Cooper St or Center St (one light north of Nedderman, and then left onto Nedderman.

Photos and Video

No flash photography is allowed. You may not have a tripod in the audience. The facility does not allow standing in designated handicap sections or standing in the aisles. We will have a professional videographer covering the event.

Seat-Saving Policy

The seat-saving policy at Texas Hall is one seat per person may be saved. If you would like a group to sit together, we recommend at least half your party being available to save the seats.
