Welcome Bonham BEEs;

As the principal of Bonham Early Education School, it is a pleasure to welcome everyone to the 2020-2021 school year. I am excited to be working with you and your child this year. We may be starting school a little different, in 2020, yet, we are preparing to ensure we provide the safest learning environment for our youngest learners. Mom and Dad, we ask for your patience, grace and cooperation during this unprecedented time.

Below you will find important information that will help us all ease into a smooth school year.

Registration

- Please ensure the following steps have been completed to ensure that your student(s) has completed the enrollment process:
 - Submit online application for PK3 or PK4 that should have provided you with a confirmation # by email
 - Complete New Student Online Enrollment (**NSOE**) and submit all required documentation
 - NOTE: **If NSOE was completed prior to July 30**, you will need to complete Returning Online Registration, both links can be found at <https://www.gpisd.org/registration>
 - [School Supply List](#)

First Day of School

- All students will start virtually on August 17.
- Students will be accessing their classrooms online and will not be physically in the building.
- Students will log into their classes via Zoom and follow their schedule (this schedule will be provided to you by the classroom teacher).
- Teachers will be working with the students through the learning platform **Google Classroom**.

What is Google Classroom?

- This is our way of keeping all information uniform during online learning.
- Think of it as a one place where all assignments, notes, and communication is located from our teachers.
- If you are needing assistance with how to log into Google Classroom please visit this link with [Informational Videos](#) and scroll down to the videos referencing Google Classroom.

Food Services

- As we return to school virtually on August 17 and eventually in-person, GPISD will continue to provide healthy meals to our students. Even though our district is beginning the year fully virtual, we still have opportunities for your child(ren) to receive healthy meals. To see if your child is eligible for free meals or reduced meal prices, please go to the link below and fill out the free and reduced meal application. Applications are available in English and Spanish. <https://www.gpisd.org/MealApplication>
- Please feel free to call the Food Services office at 972-343-4410 if you have additional questions.

Stay Updated
