# Connecting your iPad or iPhone to the Wireless Network

1. Select the settings icon on your iPad. The settings icon look like this:

2. Once you are into the settings menu, select Wi-Fi, a list of wireless networks will appear. Select GPISD. See figure below:

3. You will be prompted to enter your AD credentials (aka Windows User Name and password). Click Join.

4. Accept the Certificate.

5. You are connected to GPISD wireless.
